

WHY BECOME A FOL MEMBER?

The library benefits from the energy and enthusiasm of the Friends of the Library (FOL). We are an independent group of volunteers who support, promote, improve, and help expand library services. The library and the community benefit from our activities.

We raise public awareness of the library services by presenting or sponsoring cultural and educational programs. Our book sales and other fundraising activities provide money for projects or items not covered by the library's operating budget. Many times we organize and provide volunteer support for library projects.

FOL are people just like you who are committed to the development and support of an awesome quality, community oriented public library. You can help the library serve our community by becoming a Friend of the Library.
